

Landscape Design Workflow with RhinoLands

WHEN: March 17th, 2026

TIME: 10:00 AM CET

WHERE: [Zoom](#)

Looking for a professional landscape architecture software? We're pleased to invite you to our upcoming [RhinoLands webinar, Drawing, 3D and Documentation with RhinoLands](#), on **March 17 at 10:00 AM CET**.

This session is designed for professionals and teams who want to improve their landscape design workflow and get more value from RhinoLands in real projects. Whether you are new to RhinoLands or already using it, this webinar will help you better understand how to work more efficiently and create stronger technical and visual project presentations.

WHAT TO EXPECT:

During the webinar, we will explore key RhinoLands workflows and practical features that support landscape architecture and urban design projects, including:

- Efficient project setup and workflow tips
- Drawing and technical documentation workflows
- 3D modeling and project presentation improvements
- Practical examples for landscape design workflows
- Live Q&A session

Landscape Design Workflow with RhinoLands

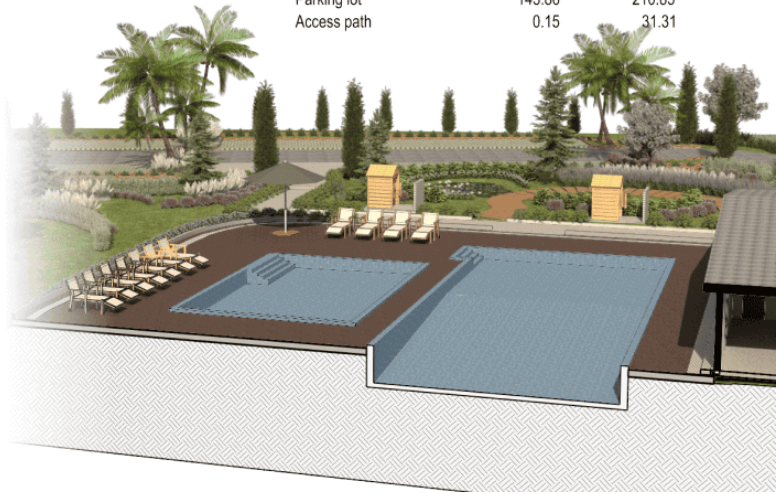

Drawing, 3D and Documentation

March 17, 2026

10:00 AM (CET)

Earthmoving volume

Name	Fill volume (m3)	Dig volume (m3)
Pool (depth 0.8m)	0	56.73
Pool (depth 1.8m)	0	200.58
Parking lot	143.86	210.85
Access path	0.15	31.31
